'Learning, Growing, Achieving – Together'

Curriculum Design 2025/2026

Mission: Learning-Growing-Achieving-Together

The pupils of Kingmoor Junior School are at the very heart of everything that we do. Strong and well-established links with our neighbouring Nursery and Infant School ensures a smooth and seamless transition from KS1 to KS2. A range of extra-curricular activities are offered to pupils before, after and during the school day. We are an inclusive school and we pride ourselves on the provision and resources that we adopt to ensure all individuals receive the best opportunities and education possible! The Governing Board is committed to their role and plays a vital part in our school. Our staff are dedicated professionals who care, provide and educate the whole child. Relationships are fostered through mutual respect and understanding. We recognise the importance of the link between home and school in ensuring the safety, success, high achievement and happiness of our pupils.

Values: We are a team: We ensure everyone's contribution is valued and recognise our strength as a team to achieve our vision.	We are respectful: We ensure that everyone is treated fairly and with respect.
We are inclusive: We welcome all - our practice is rooted in the belief that everyone has the right to succeed.	We aim for our goals: We aim to be the very best we can be in all that we do.
We encourage others: We accept each child as an individual, and support them to recognise their full potential.	We believe in ourselves: We encourage optimism, enthusiasm and an open-minded approach to all areas of school life.

Knowledge	British Values	Mental health	Resilience	Happiness	Online safety
Skills	Community	Spirituality	Morality	Social skills	Inclusive Culture

Curriculum approach:

• Promoting a love of reading • Inclusion • Building on prior learning • Consistent approach to teaching and learning • Positive attitudes and behaviours

PUPIL VOICE - WELLBEING	EVIDENCE IN KNOWLEDGE	EVIDENCE IN SKILLS	BREADTH AND DEPTH
Talking to pupils and pupil questionnaires across all year groups show pupils enjoy coming to Kingmoor Junior School. They take pride in their work and enjoy all the opportunities we bring them through our curriculum.	Pupils understand where their knowledge fits into the outside world and why it is important to learn about all the different areas of the curriculum. Pupils are able to articulate themselves using acquired vocabulary from across the curriculum.	Pupils are able to apply their skills to solve new problems and explain how and why they solved them. Pupils are confident at explaining their work to people and their work is at an expected or greater standard.	Pupils are able to develop their ideas through creative thinking. Pupils are confident in explaining their thoughts and feelings about their work and are reflective about their working process.
